HANDLING INSTRUCTIONS

Slack/thaw burritos in case carton or individually in refrigerator for about 48 hours.

Each burrito has a code date stating the date born: YYDDDSS

(ex. Code 21013101 means burrito was produced in 2021 on the 13th day of the year [1/13/21] during the first shift)

Egg-based burritos have a 10-day refrigerated shelf life

Non egg-based burritos have a 14-day refrigerated shelf life

Cold Case Sales: Place thawed individual burritos in refrigerated open display case or reach-in refrigerator. Rotate oldest product to the front. Mark pull date on each package.

Freezer Case Sales: Place individual burritos in open freezer case or reach-in freezer

Burritos have a 12-month freezer shelf life: "Born On Date Stamp" is located on the back of the master case
